Dear Mr. Malange:

Re: Operating Engineers' Pension Plan

Thank you for your letter of July 24, 2000 concerning a response from Michael Peters of this office to your request for information on the Operating Engineers' Pension Plan (the Plan). Please excuse the delay in our response.

Section 10 of the *Pension Benefits Standards Act* (PBSA) sets out disclosure requirements imposed on the administrator of a pension plan. A plan member may view certain documents at the offices of the plan administrator. I enclose a copy of section 10 of the PBSA for your reference.

I can tell you that, to the best of our knowledge, the Plan complies with the PBSA. The plan document, the Agreement and Declaration of Trust and the statement of investment policy and procedure have been filed with our office and reviewed for compliance with the legislation. The Plan was found to be compliant with, and is registered under, the PBSA.

We performed an on-site examination at the Plan office and reviewed all aspects of plan administration, including investment of plan assets. The PBSA sets out specific investment guidelines. The Plan investments meet the standards imposed by the legislation.

Please contact me at (604) 775-1348 if you have any questions concerning this matter.

Yours truly,
