Dear Sir & Brother:

RE: J.T. MALANGE – SIN#704-349-398 – PENSION PLAN INQUIRY

Please accept this correspondence as confirmation of receipt of your letter of June 1, 2004 (received June 3rd, 2004) regarding the Operating Engineers' Pension Plan (the Plan) information distribution policy.

As previously communicated the Board of Trustees and the Plan are regulated by, and is fully complainant with the disclosure requirements of the British Columbia Pension Benefits Act (the Act). In accordance with Section 10(4) of the Act "a person entitled to a benefit or the spouse or a designated beneficiary or agent of the person entitled to a benefit can examine the following documents within ten working days after receipt of a written request":

- a) A provision of the pension plan that was in force on any date included in a period during which that person, or the person through whom the benefits derives, was a member or, if that person is a former member, that otherwise affects the benefit;
- b) Any document that concerns conditions of that person's employment and that contains provisions relating to the plan;
- c) Any trust deed or agreement, insurance contract, bylaw or resolution relating to the plan;
- d) Any agreement relating to the investment of the pension fund of the plan;
- e) The Statement of Investment Policies and Procedures respecting the plan;
- f) The three most recent returns filed with Superintendent under Section 9(3)(a);
- g) Any prescribed document (refer to the Pension Benefits Standards Act Regulations for particulars).

Please feel free to contact our office to specify which of the foregoing documents you would like to inspect and arrange for mutually convenient appointment for the examination of those documents at our office.

Thank you.

Yours truly,

OPERATING ENGINEERS' PENSION PLAN

Lionel I. Railton, C.E.B., P.P.A.C.
